I Chose a Professional
B Com Degree

INSTITUTE OF
BANKING & FINANCE

B.Com Degree
in Banking & Finance
with integrated CS

3 Year B.Com Degree in Banking & Finance with integrated CS Curriculum

About the Program

B.Com Degree provides a strong foundation to pursue different career paths in commerce. After B.Com, a plethora of course options are opened for a candidate including MBA, M.Com, CA and several other professional courses. With added specialization in banking and finance the course makes the students highly sought after candidates in the industry. With this degree a student can work in Banks, financial companies or with finance department of any Indian corporate or MNC.

Benefits of Integrated CS

With integrated curriculum it becomes easy for the students of this B.Com Degree to simultaneously pursue company secretary examinations conducted by ICSI (Institute of Company Secretaries of India). The career as a company secretary is both prestigious and financially rewarding. With a specialized B.Com Degree combined with CS, a student can seek employment with banks, stock market listed companies as well as senior positions in central government. Various Indian and international universities recognize the CS qualification for an admission to PHD.

Teaching Methodology

TKWs for all its programs uses ELT™ (Experiential Learning Techniques) which is based on the philosophy of "Involve me and I will never forget". Since its inception TKWs has been renowned for bringing experiential learning into mainstream education. Key features of learning system adopted by TKWs Institute of Banking & Finance include regular corporate interactions, industry ready curriculum, ELT™, practical application of knowledge, Pre Banking exam training, teaching through Economic Times newspaper, portfolio competitions, live stock trading, soft skill development, domestic and international study tours, Booming Freshto and Bankers Meet.

About TKWs

Since 2002, TKWs Group has been working on improving student competencies through its training programs offered at its 14 learning centers and also in 550 cities through satellite in association with Hughes Telecom. Institute of Banking & Finance was started by TKWs Group with the vision of creating a knowledge center of excellence for the banking sector. Today TKWs IBF offers government recognized Diploma and Degree courses for undergraduate and graduate level students. TKWs' strength is its ELT Technique of teaching and industry ready curriculum. Through its comprehensive pre and post banking training the institute transforms an average student into a thoroughbred Banker. TKWs IBF students are working with most leading banks and financial institutions of India.

"It is an honor to write about TKWs IBF. The institute is highly committed to provide quality education and motivates the students to take part in extracurricular activities. Today I'm in this position because of TKWs."

Anuj Khurana
IndusInd Bank

"Choosing this course and TKWs was one of the best decisions of my life. The faculty at TKWs is very experienced, supportive and approachable. This course has not only developed my financial acumen but also improved my communication and personality."
